

THE WINERY

Querceto is a family-run, certified organic winery dedicated to crafting naturally elegant wines with a true sense of place. The estate is perfectly situated in the northern-most part of Castellina in Chianti, right in the center of the Chianti Classico.

All of our wines are produced with estate-grown fruit from our 11.2 hectares of vines, which are all registered under the Chianti Classico DOCG.

THE VINEYARDS

This single vineyard white wine comes from our Livia vineyard, a small parcel with Viognier and Roussanne vines. The sandy, clay soil in this vineyard is medium in texture with limestone marl and is rich in minerals. Altitude is 480 meters with a vine density of 10,000 plants per hectare, and the vines are trained with the Guyot system.

TASTING NOTES

A glorious combination of a beautiful vintage and a wine beautifully made. The color, flecked with gold, is not too pale nor too deep. The aromas are gently fruity of peaches, pineapple and pears with mineral and lightly floral notes. Our Livia 2020 has delicate flavors that are gently perfectly by the oak. Vital and graceful on the finish.

CLASSIFICATION	IGT Toscana
VARIETAL	50% Viognier, 50% Roussanne
